- A. Female Dogs and Cats at Large. - B. Animal Waste. The owner of an animal shall be responsible for the removal of any excreta deposited by his animal on public walks, recreation areas, or private property not his own, unless he has consent from the owner of the property.
- C. Dangerous Dogs.
1. The term "dangerous dog" shall include a potentially dangerous dog as determined by the Chief Animal Control Officer as per definition. Upon a preliminary determination that a dog is a potentially dangerous dog, the Chief Animal Control Officer shall notify the owner in writing, if known, giving the reasons for the determination, before the dog may be considered potentially dangerous under this ordinance. The owner may appeal the determination by filing written objections with the Union County Board of Health within three business days. The Board of Health shall schedule a hearing on this matter within 10 days of the filing of objections.
  2. It shall be unlawful to own or keep a dangerous dog unless the following requirements have been met:
    - a. The owner or keeper shall have a secure enclosure on the owner's or keeper's property where the animal is maintained; and

- b. The owner or keeper shall display a sign on the owner's or keeper's property warning that there is a dangerous dog on the premises, and said sign must be plainly visible from the public highway, street or other access; and
  - c. The owner or keeper shall notify an Animal Control Officer within twenty-four (24) hours if the dangerous dog becomes unconfined, or has attacked a human being or another animal.
3. It shall be unlawful for any person owning, harboring, or having care, custody or control of a dangerous dog to permit it outside of a secure enclosure unless necessary to obtain veterinary care for the dog, or to sell or give away the dog, or to comply with commands or direction of an Animal Control Officer, or to comply with the provisions of this subsection. In such event, the dangerous dog shall be securely muzzled and restrained with a chain having a minimum tensile strength of three hundred (300) pounds and not exceeding more than three (3) feet in length, and shall be under the direct control and supervision of the owner or keeper of the dangerous dog who must be physically able to restrain said animal.
  4. It shall be unlawful for the owner of a dangerous dog to transfer ownership or possession of the dog to another person without providing written notice to the Chief Animal Control Officer stating the name and address of the new owner or possessor, and written notice to the person taking ownership or possession of the dog indicating the dog's dangerous behavior, which notice shall be acknowledged in writing by the new owner and said acknowledgement delivered to the Chief Animal Control Officer.

5. This subsection shall not apply to: a dog being used by a law enforcement officer to carry out the law enforcement officer's duties; or a dog being used in a lawful hunt; or a dog where the injury or damage inflicted by the dog was sustained by a domestic animal while the dog was working as a hunting dog, herding dog, or predator control dog on the property of, or under the control of, its owner or keeper and the damage or injury was to a species or type of domestic animal appropriate to the work of the dog; or a dog where the injury inflicted was sustained by a person who, at the time of the injury, was committing a willful trespass or other tort, was tormenting, abusing, or assaulting the dog, had tormented, abused, or assaulted the dog, or was committing or attempting to commit a crime.
6. In the event that the owner or keeper of the dangerous dog is a minor, the parent or guardian of such minor shall be held liable for noncompliance with the provisions of this subsection.

D. Public Nuisance Animals.

1. The actions of an animal constitute a public nuisance when that animal disturbs the rights of, threatens the safety of, or damages a member of the general public or interferes with the ordinary use and enjoyment of their property.
2. It shall be unlawful for any person to own, keep, possess or maintain an animal in such a manner so as to constitute a public nuisance. By way of example and not of limitation the following acts or actions by an owner or keeper are hereby declared to be a public nuisance and are therefore unlawful:

- a. Allowing or permitting the animal to damage the property of anyone other than its owner, including but not limited to turning over garbage containers or damaging gardens, flowers or vegetables.
- b. Maintaining a vicious dog or cat as described by the laws of the State of North Carolina.
- c. Maintaining animals in an environment of unsanitary conditions which results in offensive odors or is dangerous to the animals or to the public health, welfare or safety.
- d. Maintaining his or her property in a manner that is offensive, annoying or dangerous to the public health, safety or welfare of the community because of the number, type, variety, density or location of the animals on the property.
- e. Allowing or permitting the animal to bark, whine, or howl, in an excessive or continuous fashion or make noise in such a manner or at such times so as to result in a serious annoyance or interference with the reasonable use and enjoyment of neighboring premises.
- f. Maintaining an animal that is diseased and dangerous to the public health.
- g. Maintaining an animal that habitually or repeatedly chases, snaps at, attacks or otherwise molests pedestrians, bicycles or vehicles.

3. Compliance with this subsection shall be required as follows:
  - a. When an animal control officer, law enforcement officer, or person duly authorized by the Health Director observes a violation, the owner or keeper will be provided written notification of such violation and will be given 48 hours from time of notification to abate the nuisance.
  - b. Upon receipt of a written, detailed and signed complaint made to the Health Director by any person stating that any other person is maintaining a nuisance as defined in this ordinance, the Health Director shall cause the owner or keeper of the animal or animals in question to be notified that a complaint has been received and shall cause the situation complained of to be investigated and a report and findings thereon to be reduced to writing.

If the written findings indicate that the complaint is justified, then the Health Director or person duly authorized by the Health Director, shall cause the owner or keeper of the animal or animals in question to be so notified in writing, and ordered to abate such nuisance within forty-eight (48) hours by whatever means necessary.

- c. In the event the owner or keeper of the animal or animals is unknown and cannot be ascertained, the notice and order, along with a general description of the animal or animals, shall be posted for forty-eight (48) hours at the animal shelter. If after forty-eight hours the owner or keeper of the animal or animals remains unknown, the animal may be impounded or humanely destroyed.

E. Cruelty to Animals

1. It shall be unlawful for any person to molest, torture, torment, deprive of necessary sustenance, cruelly beat, needlessly mutilate or kill, wound, injure, poison, abandon, or subject to conditions detrimental to its health or general welfare any animal, or to cause or procure such action. The words "torture" and "torment" shall be held to include every act, omission or neglect whereby unjustifiable physical pain, suffering or death is caused or permitted; but such terms shall not be construed to prohibit lawful taking of animals under the jurisdiction and regulation of the Wildlife Resources Commission; nor to prohibit the Animal Control Officers or persons duly authorized by the Health Director or veterinarians from destroying dangerous, unwanted or injured animals in a humane manner; nor to prohibit the lawful use of animals in scientific research.
2. It shall be unlawful for any owner or keeper to fail to provide his animal or animals with proper shelter and protection from the weather, sufficient and wholesome food and water to keep his animal or animals in good health and comfort, the opportunity for vigorous daily exercise, veterinary care when needed to prevent suffering, and humane care and treatment.
3. It shall be unlawful for any owner or keeper to harbor any animal for the purpose of fighting or to train, badger, bait or use any animal for the purpose of causing or encouraging said animal to unprovoked attacks upon human beings or domestic animals. By way of example and not limitation, it shall be unlawful for any person to cause, instigate or permit any dog fight, cock fight, bull fight or other combat between animals or between animals and humans.
4. It shall be the duty of the owner or keeper of any animals that die, from any cause, and the owner, lessee or person in

charge of any land upon which any animals die, to bury the dead animals to a depth of at least three feet beneath the surface of the ground, or to completely burn said animals, within 24 hours after the death of said animals, or to otherwise dispose of the same in a manner approved by the state veterinarian. It shall be unlawful for any person to remove the carcasses of dead animals from his premises to the premises of any other person without the written permission of the person having charge of such premises and without burying said carcasses as provided above.

F. Wild Animals

1. This section shall apply to wild animals and exotic pets and owners of wild animals and exotic pets. Neither this section nor any other section of this ordinance shall have the effect of permitting any activity or condition with respect to a wild animal or exotic pet which is prohibited or more severely restricted by State and Federal statute or regulation.
2. Wild animals and exotic pets and the owners of wild animals and exotic pets shall be subject to all of the same rules and regulations contained in this ordinance except those which are applicable solely to dogs and cats and the owners of dogs and cats.
3. Because of the inherent danger in maintaining a secure enclosure for large wild animals and in order to protect the health, safety and welfare of the citizens of Union County, it shall be unlawful to own, keep or possess a wild animal which exceeds fifty pounds (50 lbs.) in weight. Wild animals and exotic pets which do not exceed 50 pounds shall be maintained at all times in a secure enclosure on the owner's or keeper's property or, with consent, on the property of another.
4. All owners of wild animals and exotic pets shall be required to register their animals with an Animal Control Officer within 10 working days of acquisition. Such registration shall be for informational and enforcement purposes and there shall be no fee for such registration.

SECTION VI. RABIES CONTROLA. Immunization.

1. It shall be unlawful for any animal owner or other person to fail to comply with the state laws relating to the control of rabies. It is the purpose of this ordinance to supplement the state laws by providing a procedure for the enforcement of state laws relating to rabies control, in addition to the criminal penalties provided by state law. Should North Carolina state law applicable to rabies control be amended to include other types of animals in the class of those required to have rabies vaccinations, or should any other change inconsistent with this section be made, the amended law of the State of North Carolina shall apply.
2. It shall be required that any dog or cat four months of age or younger be kept in a secure enclosure or be at all times under restraint of the owner or his agent.
3. It shall be unlawful for any dog or cat owner to keep any dog or cat four months of age or older unless such dog or cat has been immunized against rabies in accordance with North Carolina law and with an approved anti-rabic vaccine administered by a licensed veterinarian, and said dog is wearing a collar with a valid rabies vaccination tag at all times. Said tag shall have a number corresponding to the number of a rabies vaccination certificate in possession of the owner. An owner complying with all of the requirements of this section need not display said rabies vaccination tag on a dog during the actual duration of organized hunting activities if:
  - a. The dog is on private property with the consent of the owner of that property; and
  - b. The owner or keeper is in actual physical possession of said rabies vaccination tag during the organized hunting activities.

4. If a dog or cat is found not wearing the required vaccination tag, the Animal Control Officer shall check to see if the owner's identification can be found on the animal. If the animal is wearing an owner identification tag, or if the Animal Control Officer otherwise knows who the owner is, the Animal Control Officer shall notify the owner in writing to have the animal vaccinated against rabies and to produce the required rabies vaccination certificate to the Animal Control Officer within three days of the notification. If the animal is not wearing an owner identification tag and the Animal Control Officer does not otherwise know who the owner is, or if an identified owner fails to produce the required rabies vaccination certificate within three days of notification, the Animal Control Officer may impound the animal. The duration of the impoundment of these animals shall not be less than 72 hours. During the impoundment period, the Animal Control Officer shall make a reasonable effort to locate the owner of the animal, if unknown. If the animal is not reclaimed by its owner during the impoundment period, the animal shall be disposed of in one of the following manners: returned to the owner; adopted as a pet by a new owner; or put to death by a procedure approved by the American Veterinary Medical Association, the Humane Society of the United States or of the American Humane Association.

B. Bites

1. When a person has been bitten by a dog or cat, that person or the parent, guardian or person standing in loco parentis of that person, and the person owning the animal or in control or possession of the animal shall notify the Health Director immediately and give the name and address of the person bitten and the owner of the animal. Every physician treating a dog or cat bite wound shall also report the incident to the Health Director immediately.

2. Every dog or cat that bites a human being and does not have a valid rabies vaccination tag shall be delivered within eight hours of the bite incident by the owner or keeper to the County Animal Shelter or to a licensed veterinary hospital, at the choice of the owner, where the animal shall be confined for observation for not less than 10 days. The owner shall be responsible for the cost of such confinement. An Animal Control Officer may, in his sole discretion, permit the animal to be confined on the premises of the owner only when, after personal inspection by the officer, he determines that there is a suitable secure enclosure on the premises and that other circumstances warrant such action. If the owner or the person who controls or possesses a dog or cat that has bitten a person refuses to confine the animal as required by this section, the Health Director may order seizure of the animal and its confinement for 10 days at the expense of the owner.
3. A dog or cat bitten by a proven rabid animal, or animal suspected of having rabies that is not available for laboratory diagnosis, shall be destroyed immediately by its owner or an Animal Control Officer, except that any dog or cat which is immunized under the laws of the State of North Carolina at the time of the bite shall be inoculated with a booster vaccine within three days of the bite. If such a dog or or cat develops rabies as determined by a licensed veterinarian, it shall be the duty of the owner to have such animal destroyed and properly disposed of according to the provisions of Section 130A-199 of the North Carolina General Statutes, which requires that rabid animals be destroyed and their heads sent to the State Laboratory of Public Health for rabies diagnosis.

C. Transferred Animals

All dogs and cats shipped or otherwise brought into Union County, except for exhibition purposes where the dogs or cats are confined and not permitted to run at large, shall be securely confined and vaccinated within one week after entry, and shall remain confined for two additional weeks after vaccination. This section shall not apply to those dogs and cats accompanied by a certificate issued by a licensed veterinarian showing that said dog or cat is apparently free from rabies and has not been exposed to same and that said dog or cat has received a proper dose of rabies vaccine not more than one year prior to the date of issuing the certificate.

SECTION VII. SEIZURE AND IMPOUNDMENT OF ANIMALS.

A. Power of Seizure and Impoundment

Animal Control Officers are hereby authorized to seize and impound the following:

1. Any female dog or cat unconfined in violation of Section V. A. of this ordinance;
2. Any dangerous dog outside of a secure enclosure in violation of Section V. C. of this ordinance;
3. Any dog or cat, without identifiable owner, creating a public nuisance in violation of Section V. D. of this ordinance;

4. Any animal which has been found to be a victim of cruel treatment under the provisions of Section V. E. of this ordinance;
5. Any wild or exotic animals determined to be in violation of the provisions of Section V. F. of this ordinance;
6. Any dog not wearing the rabies vaccination tag required by Section VI. A. of this ordinance, or any dog or cat whose owner refuses to confine the animal after it has bitten a human being pursuant to Section VI. B. (2) of this ordinance, or any dog or cat which otherwise appears in violation of the rabies control provisions of this ordinance; or
7. Any animal which appears to be lost, stray or unwanted.

Animal Control Officers shall not be required, in the process of seizing or impounding animals, to place themselves in a situation which may jeopardize their own health and safety, nor shall Animal Control Officers be required to pick up dead animals.

B. Notification to Owners

Impoundment shall be according to the following procedure unless otherwise required by this ordinance:

Upon impoundment the Animal Control Officer shall make a reasonably diligent attempt to determine the ownership of the impounded animal, if not already known, and to notify the owners of the impoundment and the procedure for redemption. Notification shall be by personal contact or telephone where possible, otherwise by U. S. mail.

C. Impoundment Time Periods/Redemption

1. The owner or keeper of an animal impounded pursuant to this ordinance may redeem the animal and regain possession thereof within seventy-two (72) hours after impoundment, or longer where deemed appropriate by the Chief Animal Control Officer, provided that there is reasonable assurance that all applicable provisions of this ordinance will be complied with and provided that all applicable fees have been paid. Redemption service fees shall be charged each time an animal is redeemed, in addition to a daily boarding fee. The redemption and boarding fee schedule is:

Redemption: 1st - \$15.00  
              2nd - \$50.00  
              3rd  
(and subsequent) - \$75.00

Board: \$3.00 per day

The 72 hour holding period shall not apply to animals surrendered by an owner or keeper to the Health Department or Animal Shelter for immediate adoption or destruction.

2. If an impounded animal is not redeemed by the owner or keeper within the prescribed period, it shall become the property of the animal shelter and offered for adoption to a responsible adult who is willing to comply with this ordinance, or it may be destroyed in a humane manner. Animals will be euthanized by carbon monoxide gassing or injection with a humane euthanasia solution, as approved by the North Carolina Department of Human Resources.

3. In appropriate cases where an animal is badly wounded or diseased, the Chief Animal Control Officer may reduce the 72 hour holding period and destroy the animal immediately or at such time as he deems appropriate.

D. Disposal

After euthanasia, the animal may be sold to a duly licensed biological supply company or veterinary researcher, at the discretion of the Chief Animal Control Officer, but only upon the prior receipt of the following information from those requesting to purchase animals:

1. Copy of U.S.D.A. license;
2. List of all facilities to which purchaser sells or purchases from;
3. Description or photographs of purchaser's animal transportation vehicles and description of the routes by which he will transport said animals;
4. Any other information or documentation which might in the discretion of the Health Director be required; and
5. Payment for each dog or cat purchased from the Animal Shelter, payable at or prior to the time of receipt of the animals.

SECTION VIII. ADOPTION

Upon payment of the adoption fee, the Animal Shelter shall provide to the adopting party a redeemable coupon which entitles the adopting party to visit any participating Union County veterinarian and receive for the adopted animals the medical services listed below at no additional charge by the veterinarian. Each day's continuing violation shall constitute a separate and distinct offense.

The owner of a dangerous dog that attacks a person and causes physical injuries requiring medical treatment in excess of one hundred dollars (\$100) shall be guilty of a misdemeanor punishable by a fine of up to five thousand dollars (\$5,000), imprisonment up to two years, or both.
