SICK POLICY

- Mildly sick participants can lie down in a designated quiet area in our facility.
- Union County will determine if a participant is too sick to stay at the park and will call the parents/guardians to come pick up their sick child if needed.
- In the event of a serious illness or injury, if the parent/guardian cannot be reached in time, the child may be transported to nearest Hospital for immediate care.
- Please see "Infectious Disease Policy" for more information.
- For minor injuries, First Aid/CPR trained staff will apply proper care.
- Please remember when you keep your child at home at the first sign of a communicable disease, you are protecting your sick child from other health problems. You are also protecting other children and staff from exposure to the disease. If your child becomes ill with a communicable disease, contact your doctor to determine proper care, and then notify the camp office. It is in the best interest of your child's well-being to keep them home if they are in an infections state. A sick child cannot participate effectively in camp in a meaningful way. Keeping a sick child home prevents the spread of illness in the camp community and allows the child an opportunity to rest and recover. If in doubt, please keep your child home an extra day.
