

2022 UCPR Active Outdoors Camp

FOOD ALLERGY POLICY

1. Parents/Guardians will be required to provide an appropriate morning snack, lunch, afternoon snack and beverages. If a child arrives without a bag lunch, snacks and/or beverage, a parent/guardian will be notified immediately and we will request that a sandwich is brought to the park before 12.00 p.m., or a child may be sent home, or a fee will be charged for a lunch purchase. We don't provide refrigeration for packed lunches & snacks. If a child shows signs of dehydration, staff members will provide water to children. Staff will ensure all participants always have water with them.

These precautions will ensure your child's food is safe to eat. Food is not likely to be contaminated with food poisoning bacteria if you:

- Store and prepare cooked and raw food separately.
- Wash hands, cutting board or other equipment before preparing food.
- Ensure that food is cooked thoroughly.

2. Union County recognizes that food allergies, in some instances, may be severe and even occasionally life-threatening. The foods most likely to cause allergic reactions are peanuts, tree nuts, dairy products, eggs, soy, wheat, fish, and shellfish. Although most food allergies produce symptoms that are uncomfortable, persons with allergies to the above-listed foods can suffer more serious consequences.

3. Parents of students with life-threatening allergies must provide Union County with emergency medications and a written medical treatment protocol for their student for addressing allergy-related events. Union County will keep medication and epinephrine (EpiPen) provided by student's guardian in a secure location where Union County Staff can access it when necessary.

4. Information pertaining to a student's allergies will be shared with Union County staff that have contact with the student, but otherwise will be kept as confidential as possible.

5. Peanut allergies are among the most common. Accordingly, Union County will educate all guests about the awareness of food allergies and encourage all families to provide lunch and snacks that are free of nuts to ensure the student's safety.

6. Union County requires that all staff and students wash their hands before and immediately after eating.

7. Though Union County is committed to student safety we cannot guarantee that a student will never experience an allergy related event while in our care, and therefore has created this policy to reduce the risk that children with allergies will have an allergy-related event.

INFECTIOUS DISEASE POLICY

The camp is designed for all participants and camp staff to enjoy activities and programs that will stretch their imagination, creativity, and bodies in a fun, recreational setting. This requires the best effort of all involved –participants, camp staff, parent/guardians, and Parks & Recreation Dept. staff.

Our primary practices for disease management will be to:

- o Ensure hands are regularly washed and sanitized with soap and hand sanitizer.
- o Avoid large crowds.
- o Monitor the daily health of participants and staff.

Our camp staff will not:

- o Mandate the wearing of a mask indoors or outdoors – this responsibility falls on the camp participant.
- o Wash participant’s hands to ensure cleanliness (participants’ responsibility)

With high heat and thunderstorm possibility during camp, staff will transport campers to our indoor meeting facility, the Lakeside Lodge located at Cane Creek Campground. This procedure will allow participants to be inside an air-conditioned area while also maintaining a safe distance between each other.

I have read and discussed this Infectious Disease Policy with my child(ren) and we agree that it will be followed.

DISCIPLINE & BEHAVIOR MANAGEMENT POLICY

The camp is designed for all participants and camp staff to enjoy activities and programs that will stretch their imagination, creativity, and bodies in a fun, recreational setting. This the best effort of all involved –participants, camp staff, parent/guardians, and Parks & Recreation Dept. staff.

Our preferred method of behavior management is positive reinforcement. Our camp staff will practice the following:

- o Encouraging and praising appropriate behavior.
- o Modeling appropriate behavior.
- o Listening to participants.
- o Respecting the feelings of participants.
- o Preventing problems before they occur.

Our camp staff will not:

- o Physically discipline participants
- o Allow participants to mistreat others.
- o Relate discipline to food or rest.
- o Allow any abusive language, weapons, etc.

Inappropriate behavior affects everyone and, therefore, will be dealt with immediately. Any/all inappropriate behavior will be documented and dealt with through the following steps:

1. **First Occurrence:** Verbal warning from Camp Counselors.
2. **Second Occurrence:** Time out from activity
3. **Third Occurrence:** Participant must be picked up immediately, regardless of location.
If the participant continues to demonstrate inappropriate behavior the next day, camp counselors and administration may dismiss the participant from the remainder of camp.

**** If the participant's action requires immediate removal from the camp, the parent/guardian will be called to pick up participant immediately. NO REFUNDS WILL BE GIVEN. ****

I have read and discussed this Discipline & Behavior Management Policy with my child(s) and we agree that it will be followed.
