- Are multiple properties included in this application?  Yes  No  
(All applications should be submitted together at one time.)

For additional information, visit [unioncountync.gov/waterline](http://unioncountync.gov/waterline)

Cost share payments, meter install, and system development fee (if applicable) are due within 90 calendar days of invoice by Union County. Once the fees have been received by Union County, the applicant cannot cancel the request for service, nor can the applicant, as customer, discontinue service after connection to the system has been made. In the event the applicant refuses service after paying the cost share, all cost share fees, meter fees, system development fees and any other fees will be retained as liquidated damages. If at any point the County determines that there are insufficient funds for extension or that construction of the extension will result in unreasonable or unusual cost increases, environmental impact or disruption to the public, Union County, in its sole discretion, may cancel the extension. In such event, all costs and fees will be refunded. An application for service must be completed by the applicant prior to installation of the meter.

**Union County Water**  
500 N. Main Street  
Suite 600  
Monroe, NC 28112
