

Invitation for Bid No. 2023-027

SCADA Master Plan Implementation Telemetry System & RTU Replacement

ADDENDUM No. 004

ISSUE DATE: December 12, 2022

Responding Offerors on this project are hereby notified that this Addendum shall be made a part of the above named IFB document.

The following items add to, modify, and/or clarify the IFB documents and shall have the full force and effect of the original Documents. This Addendum shall be acknowledged by the Offeror in the IFB document.

This Addendum provides responses to questions received from interested offerors through email submissions.

I. CLARIFICATIONS

Ad 4-1. Question 1:

Please advise if the existing Union County VTScada licenses have sufficient tag counts to accommodate the new I/O signals that will be required for this project. If the tag counts need to be increased, please advise if that is the responsibility of the bidding contractors or if Union County will be purchasing these licenses directly from Trihedral and outside of this contract.

Answer 4-1:

VTScada licensing provided by Owner outside of this project.

Respectfully submitted,
HDR Engineering, Inc. of the Carolinas

Billy Fox
Project Manager
