A. Question/Answer Section

1. **Question:** Is it possible for Union County to share a photo of the large debris pile that is located by the railroad tracks, just to the North of US Highway 74? This pile is visible, but tough to see all of it. My thoughts are that Soil and Water likely has much more detailed photos than what I was able to set eyes on myself.

Answer: Yes, please see below in Attachment No 2.
