

Application for Temporary "ELECTRICAL" Utility

RESIDENTIAL

Requests for Temporary Electrical Utility Service is for 90-days

Date: _____

Permit #: _____

A \$80 Fee is required when you submit this application

Address: _____

Temporary Gas is **not available**. Applications for gas will not be accepted.

1. **Applicant is allowed one (1) Ground Fault Circuit Interrupter (GFCI) protected receptacle ONLY.**
2. **Only one (1) circuit breaker supplying the one (1) receptacle should be installed in panel. If wiring is installed on any other breakers, your inspection will not be approved.**

STATE BELOW EXACTLY WHERE THIS ONE (1) RECEPTACLE IS LOCATED IN THE HOME. i.e. garage, laundry, under panel, etc.

We hereby agree that all phases of construction including building, plumbing, mechanical, electrical, zoning, utilities (public works and/or environmental health) will be complete in accordance with all applicable laws within 90 days. Failure to complete all required final inspections prior to the expiration of the 90 day temporary power period will result in the disconnection of utilities. The responsible agent making this request hereby assumes **all liability and responsibilities** for damage caused by its negligence, which may occur.

I, the undersigned Responsible Agent, am empowered and **required to control and supervise** all construction activities in accordance to Section 204.9.2 of the 2018 North Carolina State Building Code: Administrative Code and Policies Book and consent to all provisions of this section. Additionally, consent shall be extended to remove or allow to be removed all utilities supplied to the structure when, in the sole discretion of the authority having jurisdiction, such service is no longer consistent with the provision of this section.

Utility service is temporary until a certificate of occupancy is issued. Temporary service is issued solely as a courtesy for the completion of construction and can be revoked at any time. The building shall not to be occupied until a Certificate of Occupancy is issued.

Affidavit from Electrical Contractor must be returned with this application. See Page 2

Application for Temporary "ELECTRICAL" Utility

RESIDENTIAL

Requests for Temporary Electrical Utility Service are for 90-days

Requirements

1. Submit completed application, affidavit & fee to the Union County Building Code Enforcement office.
(A flat fee of \$80 is required when you submit this application)

The applicant **MUST** include the affidavit below from the Electrical contractor giving permission to energize and operate the electrical system.

2. Request inspection. Upon approval by the Electrical Inspector, Union County Building Code Enforcement will notify the appropriate utility company.

*** Utility service is temporary until a certificate of occupancy is issued. Temporary service is issued solely as a courtesy for the completion of construction and can be revoked at any time. The building shall not to be occupied until a Certificate of Occupancy is issued.**

Checklist for Temporary Utility Inspections

- All exterior doors, windows or other exterior accesses must be lockable.
- Electrical service including ALL grounding shall be complete.
- One 15 amp or 20 amp circuit serving only one (1) GFCI protected receptacle shall be functional.

Electrical Contractor Affidavit

Electrical Contractor

As the Electrical Contractor of Record for the above project, I hereby request that the electrical service be energized for the purpose of operating one (1) GFCI protected receptacle. I understand that I am to control and supervise all aspects of the operation of the electrical equipment. I further understand that I am solely responsible for maintaining a safe and secure environment with regards to the energized equipment.
