

Invitation for Bid No. 2023-099
**SCADA Master Plan Implementation Telemetry
System
& RTU Replacement**

ADDENDUM No. 004

ISSUE DATE: July 17, 2023

Responding Offerors on this project are hereby notified that this Addendum shall be made a part of the above named IFB document.

The following items add to, modify, and/or clarify the IFB documents and shall have the full force and effect of the original Documents. This Addendum shall be acknowledged by the Offeror in the IFB document.

The attention of the contractor(s) is called to the following clarifications, additions and changes in plans and specifications regarding IFB 2023-027 SCADA Telemetry System and RTU Replacement. It shall be the responsibility of the contractor(s) to include these clarifications, additions and changes to the Procurement Documents.

I. CLARIFICATION ITEMS

Rockwell Automation has provided a revised memorandum dated 07/17/2023 to hold pricing until March 31, 2024. This replaces the previous memorandum dated 05/30/23.

II. PROJECT MANUAL

Replace the following specification section attachment per this addendum:

- a. 40 61 13A Rockwell Automation Memorandum

III. ATTACHMENTS

40 61 13A Rockwell Automation Memorandum_20230717

Respectfully submitted,

HDR Engineering, Inc. of the Carolinas

Billy Fox
Project Manager

Owner: Union County Water
Consultant: HDR Engineering Inc.
Equipment Spec Section: Division 40 – PLCs, I/O, Network Switches, Operator Interface Terminals
Equipment Manufacturer: Rockwell Automation / Allen-Bradley

07/17/2023

RE: Commitment to Hold Pricing Between Bid Date (July 27, 2023) and March 31, 2024

Regarding the above-referenced project and specified Rockwell Automation (RA) hardware and software in shown in the Construction Documents, RA shall commit to hold pricing to the RA-authorized distributor that is associated with the System Integrator that is awarded the project – for the duration of the time between the Bid Date (July 27, 2023) and March 31, 2024.

To further explain: Rockwell Automation sells its products and services through authorized distributors. Those distributors are independent businesses. Rockwell Automation cannot legally dictate re-sell pricing to any of its distributors. However, it is common for RA distributors to maintain the same re-sell price if/when the cost of that product or service remains the same. So, for this government-based project for the Municipality of Union County Water, Rockwell Automation can and shall commit to hold pricing to its affiliated distributors between the Bid Date (presumed to be July 27, 2023) and March 31, 2024.

The intent of this held pricing is to allow for time to review the bids, award the project, prepare early-release Submittals, review early-release Submittals, provide authorization of release of the hardware/software in question, and place an order for that hardware/software.

Rockwell Automation requests that each bidding System Integrator reach out to the following contact at Rockwell Automation prior to the Bid Date – so that proper coordination with the associated Rockwell Automation authorized distributor can be established.
