**Structural Engineering Services for Capital Improvement
Projects**

.....

ADDENDUM No. 1

ISSUE DATE: July 19, 2023

Responding Offerors on this project are hereby notified that this Addendum shall be made a part of the above named RFQ document.

The following items add to, modify, and/or clarify the RFQ documents and shall have the full force and effect of the original Documents. This Addendum shall be acknowledged by the Offeror in the RFQ document.

Question/Answer Section

1. **Question:** I saw the RFQ for Structural Engineering for Capital Improvement Projects. In the link below under Section 4 it says “The services will be provided for capital projects, but not limited to, those identified in the 2023 Union County Capital Improvement Plan (CIP), or subsequent amendments or updates to the CIP, 2023 Union County Water Capital Improvement Plan (CIP), or subsequent amendments or updates to the CIP, and any other capital projects undertaken by Union County divisions or departments.”

Can you please provide a list or a link where I can see the list of projects to see if it is something our firm can provide services for? I am specifically interest in knowing the type of infrastructure (e.g., buildings, parking decks, water tanks, etc) that will require the services.

Answer: The link to the Union County Budget webpage is listed below:

The FY23 Adopted Operating and Capital Budget can be found at the bottom of the homepage in the “News” section.
